As a part of the design team, you would be responsible to deliver the new web experience of Uplay PC, using Photoshop, Illustrator or similar graphics software.

You will join a multi-disciplinary team where everyone is willing to expand their knowledge and are encouraged to continue learning new things. The team is characterized by passion, comradery and the love for pc gaming. You will work in close collaboration with the other designers, programmers and testers with the opportunity to visit and work from collaborating studios.

Responsibilities

- Work closely with our UX and UI designers to interpret overall layout and make high quality graphics
- Perform iterations based on user feedback
- Create style guides and frameworks to improve consistency of the visual style of the Uplay PC client
- Execute all visual design stages and coordinate with UX design from concept to final implementation phase
- Conceptualize original ideas that bring simplicity and user friendliness to our product
- Understand and apply best practices and visual design principles to your designs

You as a person

- You can work autonomously within your field and at the same time you must be able to work well within a multidisciplinary and iterative team
- You communicate well with your colleagues and present your work effectively
- You are excited about collaborating and communicating closely with teams and other stakeholders
- You ask questions, take risks, champion new ideas and drive your ideas forward
- You take responsibility for your tasks and follow them through
- You are open to providing and receiving feedback and improving upon it

- You have the ability to solve problems creatively and effectively

Qualifications

- 3+ years of working in Graphic Design or Web Design (or related role), preferably within consumer marketing or a design agency
- Relevant portfolio is required (e.g. website, blog or online album)
- Excellent design skills: Good understanding of Typography, Color Theory, Layout/Composition, Brand Identity and Style Guides
- Proficiency in Photoshop, Illustrator, or other similar visual design software
- Ability to prioritize assignments in order to anticipate and meet multiple deadlines
- Up-to-date with the latest design trends, techniques, and technologies

Nice to have

- Basic CSS and HTML skills
- Video editing skills a plus: Good knowledge of Adobe After Effects and Premiere Pro
- Passion for Design, Video Games, and Esports
