At Ubisoft Düsseldorf we are looking for a DevOps engineer to join the Uplay infrastructure team. Uplay is Ubisoft's gaming platform with player-facing client applications, but also provides SDKs and tools used by Ubisoft game production teams all over the world to deliver their amazing content to the players. Uplay creates, grows, and maintains Ubisoft's digital PC business and is the main distribution channel as the Ubisoft first party PC destination.

As a DevOps engineer in Uplay you will use your knowledge and experience to improve and expand the platform to achieve a true always online platform, minimize interruptions, and help enabling developers to work more efficiently with our infrastructure with a strong focus on automation, reliability and performance.

Join us in creating a great experience for game makers and gamers!

This is a permanent position based in Düsseldorf, Germany and requires working onsite.

Responsibilities

- *Develop:* Work with our developers to expand and build new platform features
- *Automate:* A strong focus on automating all parts of your day to day
- *Monitor:* Watch and tweak our alerting and metrics, SLIs and SLOs
- *Maintain:* Making sure that the day to day operations go smoothly

We want you to be a collaborative problem solver who can communicate about problems and solutions both with your team and stakeholders.

Besides the above we're looking for someone aligned with our core values and the following skills and experience:

- Developer or an engineer with a 3+ years of experience of working with infrastructure and cloud environments.
- Experience of programming in languages like Python or Go.
- Strong knowledge in Linux, networking with TCP/IP, containerization and container orchestration (we use Docker and Kubernetes).
- Other skills or experiences that could be relevant for your role include infrastructure-as-code, logging and monitoring, test automation, system administration, configuration management and databases.

Your Benefits

- Relocation Support: We offer financial support in form of a cash allowance and assistance with accommodation search and settle-in support via our relocation partner, for international candidates we offer visa assistance.
- 26 days paid vacation per year. Additionally, you will get half a day off on Christmas Eve and New Year's Eve and approximately 11 bank holidays in the NRW region.
- Flexible Working Hours: We have core working times between 10:00 AM – 04:00 PM and the distribution of the other hours is up to you.
- Company Pension Scheme. We offer an attractive scheme through salary sacrificing in which the employer also matches contributions
- Up to 350€ childcare support per child per month.
- Discounted Games. We regularly order Ubisoft Games for super cheap prices for our employees.
- Gym Subsidy. We contribute 50% (up to a maximum amount of 25€) towards the monthly cost of a gym membership of your choice.
- Lunch & Breakfast Service. Enjoy fresh discounted meals each day.
- Monthly Mobility Budget. 80€ per month that can be used on bicycle lease, parking spot rental or public transportation ticket.
- Our Ubisoft Blue Byte Academy offers multiple opportunities for you to discover your full potential and develop yourself in various areas.
- English and German classes for free. Main language in the studio is English.
- Free fresh Fruit, Coffee, Tea and Water. Enjoy fresh fruit and beverages in our office.

We offer a highly interesting challenge for a team player including the possibility to show personal initiative. If you are passionate about video games and would like to work with like-minded professionals in an international team, please apply via our career portal.

The application must include your resume, portfolio, and a cover letter detailing your earliest starting date, salary expectations and motivation
