As part of the Ubisoft Connect team, you will be involved in the development of features and components throughout a wide spectrum of application technologies. You will be using a variety of technologies and programming languages, including but not limited to C++, JavaScript/TypeScript and frontend frameworks like Vue.js.

You will work closely with a multi-disciplinary team of programmers, designers and testers where everyone is willing to share their knowledge and are encouraged to evolve every day. The team spans across several countries and is characterized by passion, collaboration and the love for gaming.

You will also have the option to visit and work from collaborating studios.

What you will do?

As part of the team, you will develop, design and deploy frontend applications, enrich the Ubisoft Connect ecosystem and empower the team to handle player-facing features and contents.

- Write clear, modular and maintainable code.
 - Work on the client/frontend codebase of Ubisoft Connect
 - This covers topics such as: game content related data management (e.g., achievements), social features (e.g., chat, friends), user interface, game data distribution, in-game overlay, user-generated content, shop, and much more.
 - Be part of an agile team collaboratively working on technical designs, new features as well as steady improvements of existing code
 - Testing, debugging, profiling and maintaining existing code.
-
- Highly confident in C++
 - Confident in HTML, JavaScript
 - Knowledge in at least one of following: TypeScript, WinAPI, CEF
 - Proficiency in oral and written English

Nice to have:

- Python
- C#
- Git
- Protocol Buffers
- CSS/Less/Sass
- Knockout.js

Your benefits:

- Relocation Support
- 26 days paid vacation per year. Additionally, you will get half a day off on Christmas Eve and New Year's Eve and approximately 11 bank holidays
- Company Pension Scheme.
- Opportunities for growth on your desired career path: Leadership training, workshops, guest speakers from the industry, online Ubisoft learning platform, coaches, Experts and library.
- Up to 350€ childcare support per child per month.
- Discounted Games.
- Gym Subsidy. We contribute 50% (up to a maximum amount of 25€) towards the monthly cost of a gym membership of your choice.
- Monthly Mobility Budget. 80€
- Our Ubisoft Blue Byte Academy offers multiple opportunities for you to discover your full potential and develop yourself in various areas.
- English and German classes for free. Main language in the studio is English.

We offer a highly motivating challenge for team players interested in showing personal initiative in an innovative and international company. If you are passionate about video games and would like to join an industry leader - please apply via our career portal.
