- Work closely with product owners, directors, and other leads to push project quality and ensure that game design is in line with the project's creative vision, technical guidelines and standards
 - Consistently monitor the quality of the game design and actively participate in the constant improvement of work methods and pipelines
 - Inspire, mentor, and challenge game designers in order to develop their creative and technical skillsets
 - Create an environment which allows for open dialogue and encourages new creative ideas, participation and effective collaboration of all team members
 - Provide regular reviews and meaningful feedback on performance and development to team members in a clear and constructive manner
-
- 5+ years of experience within game design; including shipping at least one AAA title
 - Strong game design skills and thorough understanding of overall game design processes
 - Solid knowledge of game production pipelines and familiarity with common scheduling, task and issue tracking tools (such as Perforce, Jira, etc.)
 - Team player with a positive attitude and superior motivation to create high quality content
 - Strong verbal and written English skills; German skills are a plus

Your benefits

- Relocation Support: We offer financial support in form of a cash allowance and assistance with accommodation search and settle-in support via our relocation partner, for international candidates we offer visa assistance.
